[LINKEDIN/PriyaGupta](#) | [GITHUB/priyagupta72](#) | [LEETCODE/priyagupta7](#)

Dedicated Full Stack Developer skilled in MERN stack, passionate about problem-solving and scalable solutions. Adept at web development, team collaboration, and adapting to new technologies.

## EDUCATION

<b>Babu Banarasi Das Institute of Technology &amp; Management</b>	Lucknow, India
• Bachelor of Technology, Computer Science & Engineering	2021-2025
<b>R.P.M Academy</b>	Gorakhpur, India
• Higher Secondary Education - PCM	2019-2020
<b>Little Scholar Academy</b>	Gorakhpur, India
• Secondary Education	2017-2018

## PROJECTS

### CryptoTracker | [LIVE](#) | [GitHub](#)

- Created a **MERN-based** cryptocurrency tracker with **real-time updates** and **Top-10 market trends**.
- Implemented **JWT authentication & watchlist**, allowing users to **securely manage crypto assets**.
- Designed a **responsive UI with Tailwind CSS**, optimizing performance for **seamless data visualization**.

### MemoryAtlas | [LIVE](#) | [GitHub](#)

- Built a **MERN-based** social platform for **creating, updating, and managing travel memories**.
- Integrated **user authentication, post management, likes, and comments** with **MongoDB & Express.js**.
- Implemented **map functionality with Leaflet & OpenStreetMap**, enabling **location memory tracking**.

### WordXPDF | [LIVE](#) | [GitHub](#)

- Built a **React.js & Node.js** document converter for **instant DOCX to PDF** conversion.
- Handled file uploads using Multer, ensuring efficient **DOCX** processing and secure temporary storage.
- Optimized **real-time progress tracking**, reducing **conversion time by 50% in testing** for a better UX.

## SKILLS

**Languages:** C, Java, HTML, CSS, JavaScript

**Frameworks:** ReactJS Express.js, Node.js, Bootstrap, Tailwind CSS.

**Developer Tools:** Git, Postman API, VS Code, GitHub

**Databases:** MongoDB

**Coursework:** DBMS, Data Structures, Computer Network.

## LANGUAGES KNOWN

Fluent in HINDI and ENGLISH

## CERTIFICATES

- Web Development (Internshala, 2022)
- Overview of Geo Processing (ISRO, 2022)
- Cloud Computing (IIT Kharagpur, NPTEL, 2023)
- MERN Stack & DSA (ShapeMySkills, 2024)
